

MANX | 100 – 29th July 2018

Competitors Handbook

Welcome to the seventh year of the Manx 100 and the HSBC British Cycling (BC) National Marathon Championship for 2018. We are very very proud and humbled to be chosen for this accolade again...

The event is an endurance mountain bike challenge of one lap of a 100 miles or 100 kilometres (BC champs are on the 100km route).

It is a real personal challenge for those that enjoy riding and challenging their own physical ability, stamina and mental strength. There is no "trail centre" riding on the event. The event offers over 15,500 feet of ascent over the course of 100 miles (around 3,500m of climbing on the metric 100km).

The course will not be littered with signage, nor food stations or support people. It will be as untouched as possible (with around 800 arrows) to allow the natural beauty of riding in the Isle of Man to shine through. You must be able to ride within your ability over the terrain, you have personal responsibility for yourself.

We look forward to seeing you all come July.

Event Location and date

All events will be held on 29th July 2018

All "100" events will start at 06:30 at the TT Grandstand Pit Lane (OS map 95 map ref, 383 775). Both the 100km and 100m event finish back at this location (in a neutralised non competitive section). The 100km is around 110km in total and the 100m is around 104 miles in total.

Event Entry and Cost

Entries open 23rd September 2017 for all events bar the BC Championships. For the HSBC BC championship event entries will open 100 days later on 1st January 2018. You must enter online. Absolutely no late entries will be allowed. No entry on the day will be accepted. Entries shut on Sunday 8th July 2018 at 23:55 to allow documentation to be printed and collated plus administration work to be completed.

The events are as follows:

British Cycling National Marathon Championship event – 100km route. You will need a BC race licence to enter this event.

To enter the above BC event, you will need to log on to British Cycling website which is: <https://www.britishcycling.org.uk/>

The Manx 100 – 100km option ("Open"). Same route as above, but no need to have a BC race licence.

The Manx 100 – 100 mile route. The Manx National Marathon Championship event. No need to have a BC race licence (unless you want to!).

For the above NON BC events, entry is at the Manx Timing Solutions website which is:

<http://www.manxtimingsolutions.com/Results/EventResultsMain.aspx>

The cost structure for all events is as follows:

Early Bird fee - £40 from entries open until 1st October 2017, or until we hit 100 entries (whichever is earlier).

Standard Entrance fee - £50 to 30th June 2018.

Late fee - £65 from 1st July 2018 to 8th July 2018.

No late entries, entries shut on the 8th July.

Categories

Per the British Cycling rules we offer Senior, Veteran (40-49) and Veteran (50+) only awards for both male and female competitors in the **BC National Champs event**.

For the other events, the categories (separate ladies / gents as necessary) are as follows (based on date of birth):

Senior - 18+ to 29th year

Master - 30th to 39th year

Veteran - 40th to 49th year

Grand Veteran - 50th to 59th year

Super Grand Veteran - 60+

Singlespeed

Obviously, if there are only a few competitors in a cat, we may throw you in with the youngsters (or the elders).

Competitors

All competitors should be experienced mountain bikers who deem themselves capable of riding serious amounts of distance off road over rough and technical natural terrain (there is no "trail centre riding" in this event). It has been suggested that you would have completed at least one endurance type mountain bike event of at least 5 to 10 hours in length. You must be over 18 to enter this event. If you are 18 in 2018, please discuss your entry with Nigel

before entering at Nigel@ManxMTB.com.

Signing on for both events

This will be on Saturday evening (28th July 2018) from **16:45** to 20:00 at the Grandstand. Arrangements can be made if you can not make this signing on. Please contact Nigel at Nigel@ManxMTB.com.

Compulsory rider briefing

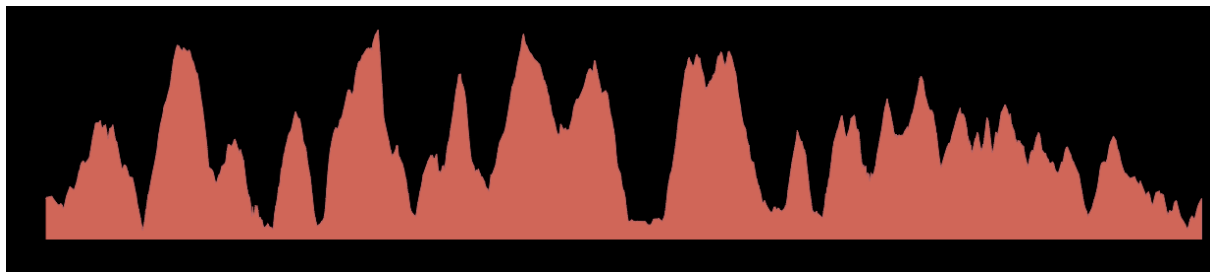

There will be a compulsory rider briefing at **17:00** and then it will be repeated at **18:00, 19:00** and **20:00**.

Start of the event / Riders Briefing

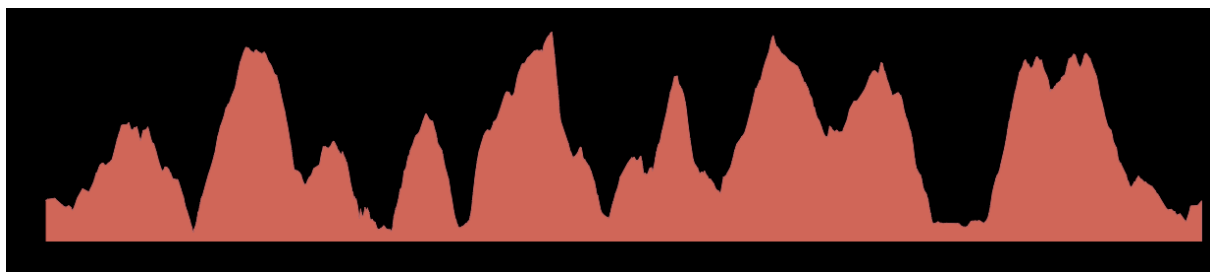

There will be a mass start on 29th July 2018 at 06:30 sharp. Riders should start making their way to the start area (the Grandstand) from 06:15. The final riders briefing is at 06:25.

Route and route Profile.....

The route will be released to the e-mail address provided a week before the event, as a PDF and as a GPS downloadable file. 2017 route profile is shown below - 15,500 feet (ish) of ascent and descent.

100 kilometre route (actually 110km) profile was as follows:

Outside Assistance

In terms of provision of food, drink, repairs and such like, outside assistance is allowed, but will not be provided for by the organisers. We will offer 6 bag drops around the course and will offer water and some snacks which should not be relied upon, but as good fortune. It goes without saying that the whole event should be undertaken under your own power.

Cut off Points

There will be cut off points during the event. If you have not reached these points by the time indicated in the final instructions, your chance of completion of the event will be in doubt. Your event will therefore be over and the marshal will inform you of this. This is for your own safety, but there will be leeway given in this regard.

Final Instructions

Final instructions (which include finalised cut off times), a PDF of the route, and a GPS route (in GPX 1.1 format as standard, others available on request when you receive the final instructions) will be provided on or before Sunday 22nd July 2018. These will be sent to the e-mail address you have registered when you enter the event. It is your responsibility to ensure you will have access to this e-mail outside of office hours.

Navigation and use of GPS

There will be arrows en route to provide route confirmation. The GPS is just another aide memoire. Ensure you take a copy of the paper maps for when the GPS has run out of battery, or take a battery back up (we all love to see your strava!).

Presentation

All prize presentations will be on the TT podium at the Grandstand.

The presentations are provisionally planned (all races and all categories, male and female) to begin at **15:00** for the BC race, and **19:00** for the remainder.

However, we would really recommend hanging around to congratulate the late finishers and eat your own weight in food.

Rider Responsibilities

1. Dependent on local conditions, most of the route will be available for pre-riding by Thursday 26th July. If you would like some pointers, or to find out where is yet to be marked, please contact Nigel.
2. For most of you this will be an unsighted event over 100 miles (or 100km) with significant ascent and descent on natural trails. Remember this is a wilderness event.
3. No "trail furniture" has being marked. There will be some notices on some descents. These can not and do not indicate every hazard around the route, nor even all the hazards on the descents.
4. There are some steep ascents and descents, the distance may be more than you are used to, you must keep yourself in check. Ride within your own ability and at your own speed. **If necessary walk, even the descents. This can not be stressed enough.**
5. As this is an event in the countryside, there will be many hazards en-route, such as rocks (lots, various sizes), livestock, rutted tracks, pot holes, steep ascents and descents, banks, bomb holes, trees, bushes, ferns, gorse and brambles. No hazards will be marked by the organisers. It is an unsighted event where your skills and experience count.
6. It is your responsibility, as mountain bike ambassadors, to "look out for one another" - stopping and helping a fellow competitor in distress, be it medical or mechanical. It is expected that you will ask if you can assist in anyway. If necessary use your mobile phone to call (999 in worst case, or 07624 473388 in less extreme situations) in the situation with a rough location of the competitor in distress.
7. To follow the course! The course will have been provided to you via GPS and will be marked by black "fire" arrows on red or yellow backgrounds (stating "The Manx 100"). It is your responsibility to ride the course, the course is clearly marked, but you need to ensure you are travelling in the correct direction!

Event Regulations

Please read carefully. Non compliance may result in disqualification, harsh words from the organisers or both.

1. Enjoy.
2. Approved cycling helmets must be worn at all times when riding.
3. Highway code rules apply at all times during the event, in particular you must stop at all stop signs and solid white lines on road sections.
4. Any competitor withdrawing from the event must inform control as soon as possible. 07624 473388 – Nigel Morris.
5. Event officials reserve the right to remove any competitor if they consider they are not capable of safely completing the event.
6. Do not leave any rubbish along the route. All waste should be carried until the finish line and not discarded anywhere along the route except in bins.
7. Anyone seen discarding rubbish in the wilderness will be disqualified.
8. Participants must avoid livestock and all gates must be left SHUT unless locked open or marshalled. For the avoidance of doubt if the gate is open but not locked open (by rope or such like) when you get to it, SHUT it.
9. The event does not involve any exclusive use of any part of the Manx countryside. Normal common sense, road sense and trail etiquette must apply at all times. You are sharing the hills with other users.
10. It should go without saying, but on the road sections, riders must obey the Highway code, ride sensibly (the roads are NOT shut for your exclusive use) and act courteously to other road users and pedestrians. (Note an exception to this is the police led start, which will be detailed further in the final instructions).
11. No headphones should be used.

Compulsory Kit

- a) Approved cycling helmet.
- b) Bicycle (in any guise but must be solely powered by you).
- c) Whistle.
- d) Survival blanket.
- e) First aid kit.
- f) Mobile phone (with the same number you supplied us!) fully charged and likely to last the 12+ hours. Do not put it on silent.

Recommended gear / pointers

You can make your own decisions here, but to assist any riders who need any pointers we would suggest:

- a) Enjoy the day ☺. Take it easy, but not too easy.
- b) Food & drink for the duration of the event. There may be chance to replenish supplies at the various villages that you will pass, but there is no guarantee the shops will be open or have what you want. We will have bag drops / tech zones. These can have water, food, kit, etc. All we ask is reasonableness.
- c) Tyre levers, tubes & puncture repair kit.
- d) Sturdy tyres of choice.
- e) Multi tool, spoke tool and chain tool, lubrication.
- f) All mountain clothing. The weather is unpredictable and can change quickly, sometimes four seasons can be seen within a couple of hours, even in July. Prepare for hypothermia and for dehydration. Either one, or possibly both are possible. (We are awaiting the year where we get caught out with and have to warn of snow).
- g) Lights for all weathers and times.
- h) A GPS unit with mapping functionality.
- i) Remember that it is a BIG undertaking, so ensure you ride within your limit. Walk the descents if necessary.

HISTORIC RESULTS are below:

2017 Results

Manx 100 mile						
1	Philip Simcock	10:22:47	27	Keith Forsyth	10:38:07	Retired at Archallagan
