

# MANX | 100 – 26<sup>th</sup> July 2020

## Competitors Handbook

Welcome to the ninth year of the Manx 100.

The event is an endurance mountain bike challenge of one lap of a 100 miles or 100 kilometres.

It is a real personal challenge for those that enjoy riding and challenging their own physical ability, stamina and mental strength. There is no “trail centre” riding on the event. The event offers over 15,500 feet of ascent over the course of 100 miles (around 3,500m of climbing on the metric 100km).

The course will not be littered with signage, nor food stations or support people. It will be as untouched as possible (with around 800 arrows) to allow the natural beauty of riding in the Isle of Man to shine through. You must be able to ride within your ability over the terrain, you have personal responsibility for yourself.

We look forward to seeing you all come July.

## **Event Location and date**

All events will be held on 26<sup>th</sup> July 2020

**The 100 mile** event will start at 06:30 at the TT Grandstand Pit Lane (OS map 95 map ref, 38300 77458). Both the 100km and 100m event finish back at this location (after a neutralised non competitive section). The 100km is around 110km in total and will start at 10:00am from somewhere around St Lukes church. The 100mile event is around 104 miles in total.

## **Event Entry and Cost**

Entries open 15<sup>th</sup> December 2020 for all events. You must enter online. No entry on the day will be accepted. Entries shut on Sunday 5<sup>th</sup> July 2020 at 23:55 to allow documentation to be printed and collated plus administration work to be completed. Absolutely no late entries will be allowed

### **The events are as follows:**

The Manx 100 - 100km option ("The short course").

The Manx 100 - 100 mile route. The Manx National Marathon Championship

### **The cost structure for all events is as follows:**

This year we have decided to have GPS trackers on all riders. Along with some incidental cost increases this has increased costs by £30. We have therefore taken the decision to make a Manx 100 T-shirt an add on purchase to reduce the costs by £15. Hence only increasing the costs by £15 / £20 / £25 depending on how late you are in organising yourself.

**Early Bird fee** - £55 from entries open until 1<sup>st</sup> February 2020, or until we hit 50 entries (whichever is earlier).

**Standard Entrance fee** - £75 to 28<sup>th</sup> June 2020.

**Late fee** - £95 from 1<sup>st</sup> July 2020 to 5<sup>th</sup> July 2020.

**No late entries, entries shut on the 5<sup>th</sup> July.**

## Categories

The categories (separate ladies / gents as necessary) are as follows (based on date of birth):

Senior - 18+ to 39<sup>th</sup> year

Veteran - 40<sup>th</sup> to 49<sup>th</sup> year

Grand Veteran - 50<sup>th</sup> to 59<sup>th</sup> year

Super Grand Veteran - 60+

MANX NATIONAL CHAMPS - only two awards, male and female.

Singlespeed

## GPS Tracker

Each rider will be provided with a GPS tracker and instructions on its use (It will be provided in a waterproof bag). However, simply, it needs to be secure and it needs to "see" the sky. And turned on before the start of the event!!

We have had to lay down a large deposit to run these trackers. It is imperative that you return your gps tracker to us **ON EVENT DAY**. If we lose the deposit, the event will fail to run again.

## Competitors

All competitors should be experienced mountain bikers who deem themselves capable of riding serious amounts of distance off road over rough and technical natural terrain (there is no "trail centre riding" in this event). It has been suggested that you would have completed at least one endurance type mountain bike event of at least 5 to 10 hours in length. You must be over 18 to enter this event. If you are 18 in 2020, please discuss your entry with Nigel before entering at [Nigel@ManxMTB.com](mailto:Nigel@ManxMTB.com).

## Signing on for both events

This will be on Saturday evening (25<sup>th</sup> July 2020) from **19:30** to **20:00** at the Grandstand. Arrangements can be made if you can not make this signing on. Please contact Nigel at [Nigel@ManxMTB.com](mailto:Nigel@ManxMTB.com).

## Compulsory rider briefing

There will be a compulsory rider briefing at 20:00.

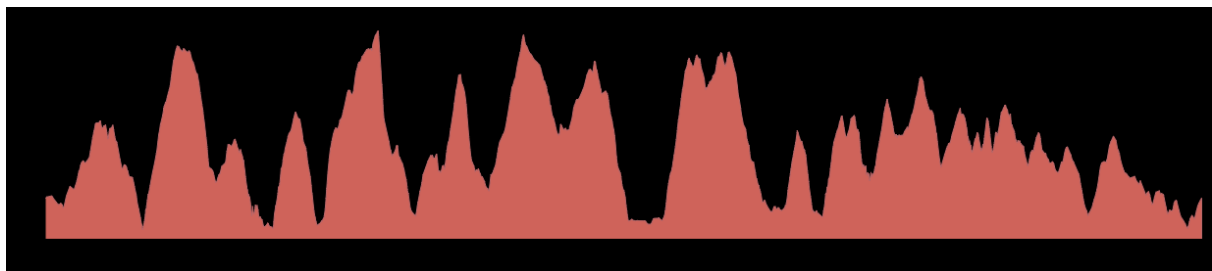

## Start of the event / Riders Briefing

100 Miles: There will be a mass start on 26<sup>th</sup> July 2020 at 06:30 sharp. Riders should start making their way to the start area (the Grandstand) from 06:15. The final riders briefing is at 06:25.

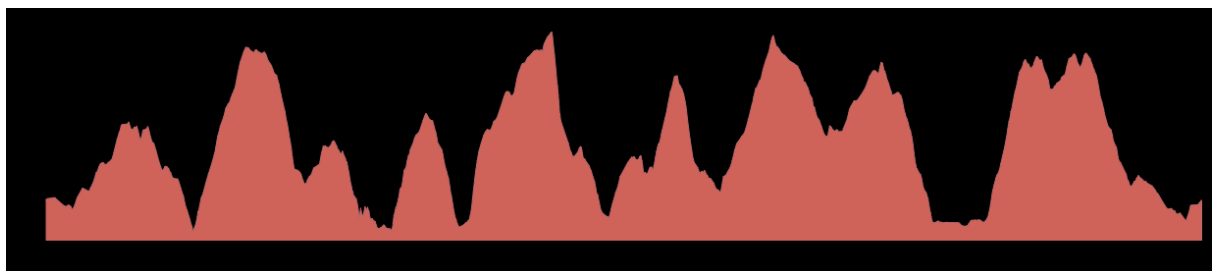

100km: There will be a mass start on 26<sup>th</sup> July 2020 at 10:00 sharp. Riders should start making their way to the start area (Algere Hill) from 09:45. The final riders briefing is at 09:55. NO VEHICLES ALLOWED IN THIS AREA - PLEASE RIDE IN FROM THE BALDWIN ROAD (20 minute gentle ride). This will be confirmed in the FINAL INSTRUCTIONS.

## Route and route Profile.....

The route will be released to the e-mail address provided a week before the event, as a PDF and as a "RidewithGPS" downloadable file. 2019 route profile is shown below - 15,500 feet (ish) of ascent and descent.

100 kilometre route (actually 110km) profile was as follows:

2020 route profile for the 100k will be different..

## **Outside Assistance**

In terms of provision of food, drink, repairs and such like, outside assistance is allowed, but will not be provided for by the organisers. We will offer 6 bag drops (4 for 100k riders) around the course and will offer water and some snacks which should not be relied upon, but as good fortune. It goes without saying that the whole event should be undertaken under your own power.

## **Cut off Points**

There will be cut off points during the event. If you have not reached these points by the time indicated in the final instructions, your chance of completion of the event will be in doubt. Your event will therefore be over and the marshal will inform you of this. This is for your own safety, but there will be leeway given in this regard.

## **End of the race**

All riders will finish at the final checkpoint, and ALL riders must return to the grandstand. At the grandstand will be a final timing map and you will have the gps tracker removed.

## **Final Instructions**

Final instructions (which include finalised cut off times), a PDF of the route, and a "ridewithGPS" route (will be provided on or before Sunday 19<sup>th</sup> July 2020. These will be sent to the e-mail address you have registered when you enter the event. It is your responsibility to ensure you will have access to this e-mail outside of office hours.

## **Navigation and use of GPS**

There will be arrows en route to provide route confirmation. The GPS is just another aide memoire. Ensure you take a copy of the paper maps for when the GPS has run out of battery, or take a battery back up (we all love to see your strava!).

## **Presentation**

All prize presentations will be on the TT podium at the Grandstand. The presentations are provisionally planned (all races and all categories, male and female) for **19:00**. However, we would really recommend hanging around to congratulate the late finishers and eat your own weight in food.

## Rider Responsibilities

1. Dependent on local conditions, most of the route will be available for pre-riding by Thursday 25<sup>th</sup> July. If you would like some pointers, or to find out where is yet to be marked, please contact Nigel.
2. For most of you this will be an unsighted event over 100 miles (or 100km) with significant ascent and descent on natural trails. Remember this is a wilderness event.
3. No "trail furniture" has being marked. There will be some notices on some descents. These can not and do not indicate every hazard around the route, nor even all the hazards on the descents.
4. There are some steep ascents and descents, the distance may be more than you are used to, you must keep yourself in check. Ride within your own ability and at your own speed. **If necessary walk, even the descents. This can not be stressed enough.**
5. As this is an event in the countryside, there will be many hazards en-route, such as rocks (lots, various sizes), livestock, rutted tracks, pot holes, steep ascents and descents, banks, bomb holes, trees, bushes, ferns, gorse and brambles. No hazards will be marked by the organisers. It is an unsighted event where your skills and experience count.
6. It is your responsibility, as mountain bike ambassadors, to "look out for one another" - stopping and helping a fellow competitor in distress, be it medical or mechanical. It is expected that you will ask if you can assist in anyway. If necessary use your mobile phone to call (999 in worst case, or 07624 473388 in less extreme situations) in the situation with a rough location of the competitor in distress.
7. To follow the course! The course will have been provided to you via GPS and will be marked by black "fire" arrows on yellow backgrounds (stating "The Manx 100"). It is your responsibility to ride the course, the course is clearly marked, but you need to ensure you are travelling in the correct direction!

## Event Regulations

Please read carefully. Non compliance may result in disqualification, harsh words from the organisers or both.

1. Enjoy.
2. Approved cycling helmets must be worn at all times when riding.
3. Highway code rules apply at all times during the event, in particular you must stop at all stop signs and solid white lines on road sections.
4. Any competitor withdrawing from the event must inform control as soon as possible. 07624 473388 – Nigel Morris.
5. Event officials reserve the right to remove any competitor if they consider they are not capable of safely completing the event.
6. Do not leave any rubbish along the route. All waste should be carried until the finish line and not discarded anywhere along the route except in bins.
7. Anyone seen discarding rubbish in the wilderness will be disqualified.
8. Participants must avoid livestock and all gates must be left SHUT unless locked open or marshalled. For the avoidance of doubt if the gate is open but not locked open (by rope or such like) when you get to it, SHUT it.
9. The event does not involve any exclusive use of any part of the Manx countryside. Normal common sense, road sense and trail etiquette must apply at all times. You are sharing the hills with other users.
10. It should go without saying, but on the road sections, riders must obey the Highway code, ride sensibly (the roads are NOT shut for your exclusive use) and act courteously to other road users and pedestrians. (Note an exception to this is the police led start, which will be detailed further in the final instructions).
11. No headphones should be used.

## Compulsory Kit

- a) REAR LIGHT ATTACHED TO BIKE OR HELMET. Charged and working
- b) Approved cycling helmet.
- c) Bicycle (in any guise but must be solely powered by you).
- d) Whistle.
- e) Survival blanket.
- f) Mobile phone (with the same number you supplied us!) fully charged and likely to last the 12+ hours. Do not put it on silent. Do not let it go to voice mail. If it rings it will be Nigel trying to find you.

## Recommended gear / pointers

You can make your own decisions here, but to assist any riders who need any pointers we would suggest:

- a) Enjoy the day ☺. Take it easy, but not too easy.
- b) Food & drink for the duration of the event. There may be chance to replenish supplies at the various villages that you will pass, but there is no guarantee the shops will be open or have what you want. We will have bag drops / tech zones. These can have water, food, kit, etc. All we ask is reasonableness.
- c) Tyre levers, tubes & puncture repair kit.
- d) Sturdy tyres of choice.
- e) Multi tool, spoke tool and chain tool, lubrication.
- f) All mountain clothing. The weather is unpredictable and can change quickly, sometimes four seasons can be seen within a couple of hours, even in July. Prepare for hypothermia and for dehydration. Either one, or possibly both are possible. (We are awaiting the year where we get caught out with and have to warn of snow).
- g) Lights for all weathers and times.
- h) First aid kit that you can use..
- i) A GPS unit with mapping functionality.
- j) Remember that it is a BIG undertaking, so ensure you ride within your limit. Walk the descents if necessary.
